SECURELINK

securelinkme.net

Strategic Consulting Division

Strategic Readiness

- Cyber Risk Management
- Compliance Advisory
- Cybersecurity Governance
- Business Continuity

Incident Management

- Crisis Response
- Disaster Recovery
- IR Training
- Root Cause Analysis

On Demand Services

- Ad-hoc Requests
- Audit Management
- Compliance Checks
- DPIA

Cybersecurity Transformation

- Key Risk Management
- Data Governance
- Data Privacy & Classification
- SOC Transformation

Strategic Consulting as a Service

- Compliance Management
- Data Privacy Officer
- BCMS Implementation
- IMS Implementation

Strategy Evolution

- Strategy Planning
- Maturity & Benchmarking
- Strategic Roadmap
- Cybersecurity Accelerators

Cloud as a Service

- Cloud Infrastructure
- Cloud Cybersecurity
- Cloud Solution Architect
- Cloud Auditor

IT Operations

- IT Operations Management
- Data Center Management
- Product Admin
- Virtual CISO and CISO Advisory

Technology Risk Management Division

Crisis Response

- Incident Response
- Event Analysis
- Compromise Assessment
- Digital Forensics

Penetration Testing as a Service (PTaaS)

- Penetration Testing
- Secure Code Review
- Red Teaming
- Wireless SSID Assessment

Technology Risk Management as a Service

- Red Teaming
- Access Management
- SOC Management
- Threat Management

Security Configuration Validation

- Remote Security
- Critical Asset Security
- Cybersecurity Architecture
- Product Risk Assessment

Threat Modeling

- Architecture Risk Analysis
- Application Threat Modelling
- Red Team Collaboration Modelling
- Zero Trust Architecture Modelling

Risk Analytical Assessments

- Data Security Posture Management
- Identity Threat Detection & Response
- Network Detection & Response
- User and Entity Behavior Analytics

Cyber Threat Management

- Breach and Attack Simulation (BAS)
- Attack Surface Management (ASM)
- Telecom Security
- Application Performance Testing

MSSP Validation Services and Assurance

Detection & Response Assurance

- Breach & Attack Simulation (BAS)
- AI Automated and Targeted Penetration Testing
- AI / LLM Attack Scenarios

Security Control Effectiveness Validation

- Preventive & Detective Control Testing
- Network & Cloud Security Control Validation
- Infrastructure Validation for the MSSP

MSSP Compliance and Process Review

- Baseline Compliance Readiness Support
- SOC Operational Process Assessment
- Incident Management Process Assessment

MSSP SLA and Contractual Review

- KPI & Performance Metrics Review
- Service Delivery Effectiveness Assessment
- Contractual Control Compliance and Gap Analysis

Collaborative Validation (Purple Teaming)

- Joint Exercises with MSSP Teams
- Real-time Validation of Detection and Response
- Detection Improvement Workshops

Executive Advisory and Reporting

- Executive Summary and Management Action Plans
- Security Posture Assessment
- MSSP Performance Reporting

Certification

- Assessment Completion Certification
- Compliance Attestation Support
- Independent Assurance Statements

Detailed Assessment Report

- Identified Gaps & Recommendations
- Compliance Mapping Results
- Prioritized Recommendations

Solutions & Technologies

Risk Management

- Managed Detection & Response
- Threat Intelligence
- GRC Services
- Learning Management System

Proactive Security

- Continuous Threat Exposure Management
- Managed Threat Hunting
- Penetration Testing as a Service
- Data Governance & Protection

Offensive Security

- Breach Attack Simulation
- Attack Surface Management
- Application Security Testing

Compliance Management

- GRC Tool
- Data Privacy & Classification Tools
- Disaster Recovery Automation

People Security Management

- Security Awareness & Training
- Email AI Assist
- Anti-phish AI

Infrastructure Security

- Telecom Security Tool
- Network Detection & Response
- DevSecOps Tools

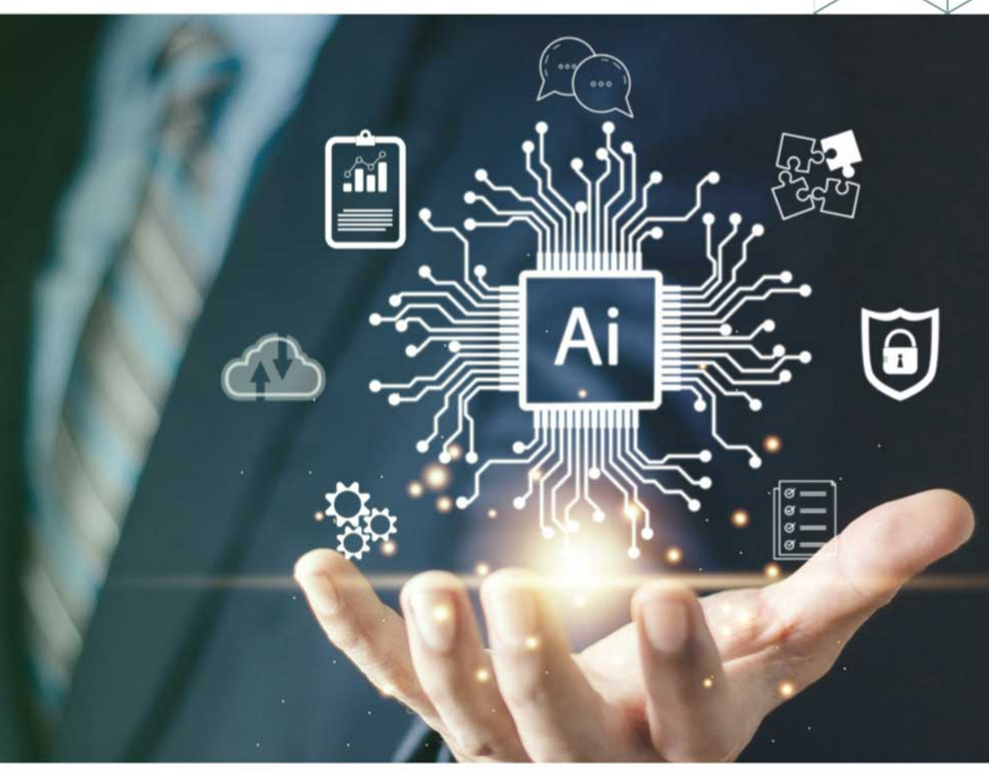
Cybersecurity Exposure Management

- Asset & Identity Discovery
- Vulnerability Intelligence
- Attack Path Mapping

Cyber Defense Validation

- AI-Powered Penetration Testing
- Vulnerability Prioritization & Remediation Intelligence
- Vulnerability Remediation Validation

AI Services



AI Governance

- Policies, Procedures, SOP
- Minimum Baseline Requirement Controls
- Human Oversight & Monitoring

AI Privacy Security & Controls

- AI Privacy Impact Assessment
- AI Privacy Controls
- AI Data Security

AI Risk Management & Compliance

- AI Risk Framework
- VAPT
- AI Threat Management

AI - GRC Integrations

- AI Adoption & Readiness
- AI Module Monitoring
- GRC Tool Automation

Agentic Automation/ Trust Technologies

- Bias Testing
- Optimization of Technologies
- AI Trust Validation

Responsible Technology Portfolio & Architecture

- Secure Design
- Model Drifting Monitoring
- Evaluate AI Technologies

AI Driven Analytics

- AI Based Anomaly Detection
- Study behaviour and patterns
- Enhanced Efficiency

Enhanced Continuous Visibility & Response

- AI-Enabled SOC Transformation
- Comprehensive AI Dashboard
- AI Incident Response Management
